CRUSADE ISSUES RULING

At a recent news conference, Forrest C. Mitchell, president of the East Bay United Crusade, issued a statement to members of the press and radio that the major "door-to-door" supplemental drives by member agencies of the Crusade will be per-
This statement came as a result of a decision handed down by the executive committee at its last monthly meeting on the evening Wednesday.

For some time now, officials of the East Bay United Crusade have been directly concerned with the raising of funds for the supplemental drives. Continued protests from major business, professional and labor groups, as well as from the public in general, have necessitated this action.

It was felt by members of the committee that if these protests were unheeded, and no immediate action was taken to eliminate them, the entire purpose for which a United Crusade was organized could be destroyed.

Mitchell pointed out that this decision by the committee will not, however, preclude participating agencies from conducting member-campaigns among a constituency closely interested in a particular agency. Agencies may continue to receive bequests, legacies, bequest gifts and funds derived in the "value received" type of sales.

The committee hopes that by taking this action, the general public will increase their donations to the Crusade, thus eliminating the need for supplemental campaigns.

It was also pointed out that the funds raised in the once a year campaign.

Albany Pool Plans Summer Instruction Swim Program

A special summer instructional program for children from 3½ to 12 years of age is again being scheduled at Albany Pool according to Bert Griffin, director of recreation and physical education for the Albany city schools. This program will consist of 10 half-hour weekly sessions. It will start the week beginning Monday, Aug. 18, and end on Saturday, Aug. 25.

The water in the pool will be lowered each Wednesday during these 10 weeks to care for the 3½ to 6-year-olds. Children, in order to enroll in this group, must measure 30 inches from toe to chin. It is only during the summer that this special program is arranged for these small children.

Classes for the 6 to 12-year-olds, who must measure 40 inches from toe to chin in order to enroll, will be held on Monday, Tuesday, Thursday, Friday and Saturday of each week.

The children in these special classes will be scheduled at the Albany Pool for a definite time each week. The exact schedule will be available at the time of registration. Classes will be limited to 42 children with seven instructors assigned to each class.

Those interested in registering may do so at the Albany Pool, Portland and Pomona Aves., according to the following schedule: Albany residents—June 11, 12 and 13, 9 a.m. to 12 noon and 1 p.m. to 5 p.m. Residents of other communities—June 14, 15 and 16, same times as above.

The charge of \$3 for the 10 lessons must be paid at the time of registration, and no refunds will be made. All children must supply their own suits and towels and bathing caps must be worn by the girls.

He will tell of the political and economic situation in Pakistan at the present time, and the foreseeable future of that nation.

Harold Nahmens will be chairman of the day, and President William G. Woolworth will preside. The club meets at Spenger's in West Berkeley.

The speaker is a guest of the U.S. Department of State under the Foreign Leader Exchange program from April 21 to June 30. He is an honor graduate in mathematics and science from the University of the Punjab. He has served his government in many official positions during recent years, and his travels have taken him through Afghanistan, Ceylon, the United Kingdom, France, Greece, Switzerland, Lebanon, Syria and India. He is a Rotarian and will remain to talk informally with the members after the luncheon meeting.

Last week Albany Rotarians and their guests heard a very interesting talk on "Art" in its various aspects in our daily life, and the part it plays in the schools, by Howard Staloff, art supervisor for the San Leandro schools.

The week is a busy one for the club, with a meeting last Wednesday evening of the present club officers, the newly elected officers, the directors and the chairmen of committees under the present and coming administrations at the home of member Roy Harford, and the club's annual party this Saturday night at the Mira Vista Country Club.

Veterans Thank Citizens for Aid in Poppy Drive

The officers and members of Albany Post 2638, VFW, and its auxiliary wish to thank the citizens of Albany for their gracious and generous support of our 1956 Buddy Poppy drive.

A portion of the proceeds remain in this area to further the VFW's relief and rehabilitation work. In this connection, service officer Art King has recently pointed out that many veterans and veterans' dependents are not aware of the benefits which they may rightfully claim. To assist any such person in presenting claims, or in obtaining information, the VFW maintains a service office at the Oakland Veterans Memorial Building, 200 Grand Ave., in Oakland. Any veteran or member of a veteran's family desiring counsel or advice is urged to contact the VFW service officer, Art King, who maintains regular office hours at 200 Grand Ave.

We should also like to express our sincere appreciation to Mayor Howell and Rev. Odgaard as well as to the members of Albany Post 292, American Legion, and their auxiliary and to the Albany branch of the Fleet Reserve for their assistance in making possible another outstanding Memorial Day observance in Albany.

HEARING ON ALBANY HILL HOTEL ZONE ON JUNE 18

The Albany City Council on Monday night voted to hold a public hearing on June 18 at 8 o'clock to consider any protests against the request of American Motor Hotels Inc. that a section of the hill be set aside for a hotel zone on which the firm proposes to build a hotel to cost \$2,819,000. The request already has the approval of the Albany Planning and Zoning Commission.

The hotel company has revealed plans for the construction of a five-floor circular building, with 257 motel rooms each with bath, and numerous shops and accessory buildings.

In the discussion preceding to setting a public hearing date Councilwoman Zahn questioned the building time for a project of that size, saying "It might be a piecemeal affair stretched over the next 25 years." She also brought up the question of financing and suggested that it might be expedient for the city to secure a bond from the company in order to insure the carrying out of the plans as presented.

Councilman Jerome Blank replied to Mrs. Zahn saying, "I do not think we can question private financing, and I honestly do not think this company will start such a project without finishing it."

A representative of American Motor Hotels Inc. called attention to the fact that the State Commissioner of Corporations must issue a permit before the company can sell stock, and that the commissioner will require that a certain amount of company money must be impounded before construction can begin.

City Attorney Robert Foley also assured the members of the council that the Albany hotel ordinance, recently passed, protects the city against the wrong kind of construction.

The council also authorized Mayor Lewis M. Howell to negotiate with the state authorities on the plan whereby the county will receive five per cent of the city's 1 per cent sales tax, and the State receive a small sum for the collection of the tax. The council also adopted the already prepared sales tax ordinance, which had been drawn up in anticipation of the county's agreeing to the proposed plan, which it did last week.

Ellis-Olson Firm Again Qualifies in National Award

Word has just been received from the Registrar of the Order of the Golden Rule that Ellis-Olson of Albany has again qualified for membership in this international organization of dependable funeral directors. This will be the tenth year that the Ellis-Olson organization has been so honored.

The Order of the Golden Rule came into being in the spring of 1928, with the avowed purpose of making it easy for any person in any community to select a capable, conscientious and moderately priced funeral service, even though the person making the selection had had no previous experience with funeral directors.

In order to accomplish this objective, a Symbol was created; this Symbol is familiar to practically everyone in Albany. The Symbol is a knight in full armor, with his visor raised in token of friendship. He supports a shield upon which is emblazoned the motto of the Order: "Service Measured Not by GOLD, but by the GOLDEN RULE," and in the other hand is a drawn sword, emblematic of his willingness to defend the motto of the Order.

Members of the Order on five of the six continents identify themselves by their use of this Symbol. To qualify for membership, the applicant gives his own personal testimony as to his qualifications, and in addition, the Order makes direct contact with a number of people in the community, especially families recently served, clergymen, physicians, lawyers and other business and professional groups in a position to speak with authority on the applicant's qualifications.

Ordinarily, only one funeral directing organization in each community is affiliated with the Order. This does not mean that other firms in the community could not qualify; the Order is concerned only with identifying in each com-

Give them a Faith to live by

Worship with them this week

Naturally you want them to have all the good things in life . . . a happy home . . . a good education . . . plenty of chances to meet other nice young people. But be sure to give them the most precious gift of all . . . Faith.

The wonderful part is that faith is yours to give . . . no matter who you are, what you do for a living, how much money you have in the bank.

Faith is the gift you give a little at a time. Every week you worship with the children at your church or synagogue. The youngsters see you . . . the biggest, smartest, most important people in their world . . . asking God for help, thanking Him for blessings. Then it's clear to them . . . here they can always find the strength they need, always find the happiness they want.

Then you've done the best a parent—any parent—can do.

1 cup undiluted Carnation Evaporated Milk
1 cup lemon juice
1 cup chopped cooked ham (or canned luncheon meat)

1/2 cup chopped celery
1/2 cup chopped green onions
2 tablespoons chopped green pepper
2 tablespoons chopped pimiento
1 tablespoon steak sauce
1/2 teaspoon salt

Dissolve lemon gelatin in hot water. Chill until slightly thickened (about 40-45 minutes). Chill Carnation in refrigerator tray until soft ice crystals form through the milk (about 15-20 minutes). Whip until stiff (about 1 minute). Add lemon juice and whip very stiff (about 2 minutes longer). Combine ham and vegetables with steak sauce and salt in bowl. Fold in whipped Carnation and chilled gelatin. Blend thoroughly and place in 1 1/2 quart mold. Chill until firm (about 2 hours). Unmold by dipping in hot water for a few seconds and serve on platter lined with salad greens.

Red Cross Chooses Albany Girl For Trip to Japan This Summer

A 17-year-old Albany High School girl, Linda Mae Rinna, 811 Carmel Ave., no doubt believes dreams do come true. Under the combined auspices of the American National Red Cross and the local Red Cross chapter she will make a trip to Japan this summer, where, at the Gift Air Force Base near Tokyo, she will attend a Junior Red Cross Leadership Training Center.

Linda is one of 36 high school students throughout the nation who have been selected by the American Junior Red Cross to take part in training and study centers in Europe and Japan this summer.

Teen-agers—all American Junior Red Cross members—will attend either international study centers or American Junior Red Cross training centers for military dependents in the European or Far Eastern areas.

They were nominated by American Red Cross chapters throughout the nation. Selection was on the basis of leadership ability and experience in Junior Red Cross programs and planning.

Linda was chosen for the honor over candidates from several outstanding girl students recommended by principals of three local high schools. Aside from her Junior Red Cross experience, the qualifications laid down by the Red Cross were an age limitation of 15-18 years, in the junior year at high school, and evidence of unusual leadership ability.

All of these and other tests Linda passed with ease. Her Junior Red Cross experience began in

the fourth grade. By the time she was in the seventh grade she was president of her unit, and now is a member of the Junior Red Cross Council. Red Cross courses she has taken have been Junior First Aid, Home Care of the Sick, Standard First Aid, and she has earned a Junior Life Saving certificate.

She has given community service in the form of 150 hours as a hospital aide, has acted as a volunteer swimming instructor, served as a day camp instructor, and assistant Brownie leader. Organizations in which she has been active and in many instances held office include the Girls League, Big Sisters, Junior Honor Society, Newslette Staff, and editor of the Albany High year book, indicate the scope of her interests.

The local screening committee who selected Linda to represent the local chapter were Orville Sipe, first vice-chairman of the Junior Red Cross, Mrs. George McGinnis, second vice-chairman; Mrs. Harold Conklin, executive director of Berkeley chapter; Paul Plegal, Albany High School teacher, and Mrs. Donald Smith.

Linda leaves for Japan on Aug. 6. The following students will travel with her: Carolyn Caskey, Independence, Mo.; Richard Feller, Akron, O.; and Michael Novello, Palo Alto.

Linda's parents are Mr. and Mrs. Anthony Rinna.

No man has a right to do as he pleases, except when he pleases to do right.—C. Simmons.

Do's and Don't's of Good Landscaping

By The Gardening Council

DON'T: Plant shrubs that will hide your picture window or tower above the corners of your house.

DO: Plant your shrubs so that they are in balance and harmony with the shape and size of your house.

DON'T: Scatter island plantings haphazardly around your lawn. They will make for a lack of harmony and grace.

DO: Keep your front lawn clear and open. Plant borders around your walks and shrubs to frame your front door.

The Gardening Council was founded by Empire Nursery Products Co., Inc., William G. Moore & Co., Knight & Boswick, Quaker Hill, Inc., and C. W. Stuart & Company.

CHRISTIAN SCIENCE

The safety and abundance which can be experienced through reliance on God will be a theme developed at Christian Science services this Sunday at 533 San Pablo Ave. in Albany.

Keynoting the Lesson-Sermon entitled "God the Preserver of Man" is the Golden Text from Psalms 37 (39, 40): "The salvation of the righteous is of the Lord; he is their strength in the time of trouble. And the Lord shall help them, and deliver them." From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (494, 10-11): "Divine Love always has met and always will meet every human need." Selections to be read from the King James Version of the Bible will include the following (Psalms 121:8): "The Lord shall preserve thy going out and thy coming in from this time forth, and even for evermore."

COMMUNITY METHODIST

Methodist Student Day will be observed this coming Sunday at the 9:45 and 11 a.m. services. Rev. Douglas H. Henderson will be in charge of the services, with students taking part. John Foster, native of Albany who is now studying for the ministry in Boston University School of Theology, will bring the message of the morning at the services.

Church school at 9:45 a.m. Youth Fellowship groups at 7 p.m. Rev. Henderson is serving as master of ceremonies on the Sunday evening radio series for the Eastbay Council of Churches, broadcast on station KRE, Berkeley, from 7 to 8:30 p.m. each Sunday during the summer.

GRACE LUTHERAN

"The Passion of the Soul" will be the sermon topic of Rev. O. R. Jander, pastor, at Grace Lutheran Church, Santa Fe Ave. at Ward, in both the 9:45 and 11 a.m. services next Sunday. Holy Communion will also be administered in these services.

The lesson topic for the graded classes of the Sunday school meeting at 9:45 a.m. will be "The Apostle Peter's Deliverance from Prison." The parish Bible classes meet at the same hour.

FIRST BAPTIST

At the morning worship service at 11 a.m. Dr. Odgaard will speak on the sermon subject, "Let Us Not Quarrel with God." The chorale choir will sing the anthem, "Jesus Lover of My Soul." Mrs. LaVaughan Hall will sing a solo. A half hour of congregational singing and special music will precede the pastor's message at the evening gospel service, 7:30 p.m. The youth choir will sing under the direction of Irene Schlosser. There will also be other special music. The pastor will speak on the sermon topic, "The Broken Vase."

Every Wednesday evening at 7:30 p.m. an hour of prayer and Bible study is held in the educational building to which everybody is invited.

The El Cerrito Assembly of God Tabernacle, 10936 San Pablo Ave., Rev. E. W. Anderson, pastor, announces that the guest speaker for the Sunday morning service at 11 o'clock will be the Rev. Arvid Ohlsson, Springfield, Mo. Mr. Ohlsson is chief chaplain of prison work of the Assemblies of God throughout the United States.

PG&E to Begin Hunters Point Plant Project

A contract for extensive earth-moving work required for the expansion of Hunters Point Power Plant in San Francisco has been awarded by Pacific Gas and Electric Company to the Charles L. Harney company of San Francisco, the successful bidder. Announcement of the contract award was made by Norman R. Sutherland, president and general manager of PG&E.

The excavation work now under way will mark the first step in the construction of a \$21 million addition to the power station. A 165,000-kilowatt generating unit will be added to the three now installed there, bringing the total capacity to 427,000 kilowatts. The expansion will make Hunters Point the fourth largest power plant on the PG&E system.

The Hunters Point plant was first built in 1929, with a capacity of 42,000 kilowatts. Two units were added in 1948 and 1949, bringing the capacity to its present 262,000 kilowatts.

About two years will be required to complete construction of the new generating unit.

SAVING SOULS

The "circuit rider" still rides, covering scattered churches in small communities—but nowadays it's by car. This way he can hold many more services, says the California State Automobile Association.

If mankind had wished for what is right, they might have had it long ago.—William Hazlitt.

Fire Chief Warns Homeowners of Dry Grass Fires

Fire Chief Fred Pimental of Albany today cautioned all residents of the danger of tall grass growing adjacent to fences and buildings.

"This will be a very productive year for wild grasses," the Chief said, "due to the heavy rains and early warm weather we are witnessing." "Now is the time," he continues, "to clean away the weeds while the ground is still soft and easy to work. If it is impossible to remove all the grass, an area of about three feet wide should be the minimum of cleared space around fences and buildings. This will abate the dry grass danger this summer and keep the buildings safe from fire from this source."

Grass fires account for a very large percentage of the high loss fires in residential areas due to the extreme heat generated which ignites inflammable structures such as garages, sheds and fences and even homes.

These are the official Civil Defense emergency stations. They will go on the air in the event of enemy attack—all other radio stations and all television will stop broadcasting. Your local Civil Defense authorities will be the first to know if enemy planes are headed your way, and you will get news and instructions over these emergency stations

telling you just what to do to protect yourself and your family. Make a special mark at these two points on your radio dial today—then you'll know where to find them—quickly—in emergency.

Mark them with a pencil or a paintbrush—or use a piece of colored cellophane tape.

DON'T USE YOUR PHONE. If an air raid comes, leave circuits free for military, medical and CD authorities, who can use phones to help you.

BE PREPARED in advance. Get "Survival"—free booklet which tells you what to do before, during and after an enemy air raid. It may save your life. Send name and address to "Survival," F. C. D. A., Battle Creek, Michigan.

Something old,
Something new--

--and something to help make dreams come true

Wondering what to give the bride? Here's a gift suggestion for anyone who doesn't know her choice of silver... isn't sure whether she prefers traditional or modern... or how many duplicates she already has. Our suggestion—a U. S. Series E Savings Bond.

Something old—It's an old problem. A bride's wants and needs always exceed her means to fulfill them. Your gift of a Savings Bond will give her help when it's needed most.

Something new—Brides of history were given land or a fine fat pig. The modern practical wedding gift is a U. S. Savings Bond—a gift that will increase in value and reflect your thoughtfulness for many years to come.

Something to help make dreams come true—Every young couple has a favorite dream. Maybe it's a home of their own—a car—or their own business. Your gift of a U. S. Savings Bond will help bring this dream just that much closer. What's more, the Bond you give may be the young couple's first step towards a regular savings program of U. S. Savings Bonds.

Savings Bonds are easy to buy. Just stop in at your local bank today. The teller will take care of your Bond request in seconds. And while you're there, buy a Bond for yourself, too. Or sign up for Payroll Savings where you work. There's no better way to make your own dreams come true.

For the big things in your life, be ready with U. S. Savings Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and
